# Why Big Screen Pro?

- 
- A blue projector is mounted on a silver metal case, which is placed on a table in a theater. The theater seats are visible in the background, and the scene is lit with a blue glow. The projector is a large, professional-grade model with a prominent lens and ventilation grilles. The metal case has a sturdy, industrial design with visible hinges and latches. Various cables are connected to the projector and the case, some of which are coiled on the table. The overall atmosphere is professional and focused on the equipment used for outdoor movie screenings.
- Professional service is our highest priority
  - All equipment items are made by recognized and respected outdoor movie brands. Backup equipment provided
  - Audience size ranges from 1 to 800 people
  - Our customers include HOA, faith-based organizations, all types of parks and NGOs and charities
